

Covered California
Tribal Premium Sponsorship Interest Form
February 6, 2014

Covered California consults with California’s Indian Tribes on policies impacting the American Indian community. Through annual Tribal Consultation and regular Tribal Advisory Workgroup meetings, Covered California solicits feedback and recommendations to improve its policies affecting Tribal members. For more information on Covered California’s work with Tribes, please visit:

<https://www.coveredca.com/hbex/tribal-consultation/>

Tribal Premium Sponsorship is an option under the Affordable Care Act for state exchanges to explore offering to Tribes. Under this option, Tribes and Tribal organizations could pay for, or “sponsor” their members’ health insurance premiums for Covered California. Covered California is currently exploring this option, and would like to know which Tribes may be interested in a Tribal Premium Sponsorship program.

If your Tribe may be interested in Tribal Sponsorship, please complete this interest form (one per Tribe) and submit to TribalConsultation@covered.ca.gov. If you have questions about how Tribal Sponsorship might work for your Tribe, please contact Virginia Hedrick at Virginia.Hedrick@CRIHB.ORG or 916-929-9761 ex. 1031.
